

D.O. No. Met4-13/37/2026-Metal IV

Date: 06 October 2026

Dear Commissioner,

1. With reference to D.O. Letter No. 502/2/2/2024-CA.V/CA.III dated 5th August 2026, issued by the Cabinet Secretary, Government of India, a campaign on "Effective Collection, Segregation and Disposal of E-Waste" under Special Campaign 6.0 is to be undertaken from 2 to 31 October 2026, in accordance with the guidelines of the Department of Administrative Reforms and Public Grievances (DARPG).
2. The National Critical Mineral Mission (NCMM), under the Ministry of Mines, was set up as a strategic initiative to develop domestic capacity and build supply chain resilience, so as to achieve India's self-reliance in the critical minerals value chain. Recycling has emerged as a vital strategy for securing the supply of critical minerals, which are essential for modern technologies in clean energy, electric vehicles, defence applications and advanced electronics. Among the various secondary sources, electronic waste (e-waste) represents a significant source for recovering these critical minerals.
3. For effective implementation of the campaign, the Ministry of Mines has nominated the Jawaharlal Nehru Aluminium Research Development and Design Centre (JNARDDC), Nagpur, as the Nodal Agency, in association with the Material Recycling Association of India (MRAI), for implementation and coordination of the E-Waste Collection Campaign under Special Campaign 6.0.
4. You are requested to actively facilitate the campaign across the district and **to designate a suitable nodal officer** for coordinating the collection activities with the State/UT Nodal Officer and communicated to JNARDDC by 08.10.2026. The campaign may not be restricted to e-waste generated in Government offices and may be taken up as a district-wide public collection initiative.
5. Suitable collection points/spaces may be identified, in coordination with Urban Local Bodies and other relevant institutions, to enable members of the public to deposit their e-waste conveniently. Appropriate publicity and awareness activities may also be undertaken through the district administration, Urban Local Bodies, educational institutions and other appropriate channels to encourage public participation.
6. The detailed list of authorised recyclers and their respective areas of operation can be accessed on the JNARDDC website ([https://jnarddc.gov.in/Special Campaign 6.0.aspx](https://jnarddc.gov.in/Special%20Campaign%206.0.aspx)). Based on the location and type of e-waste collected, the district may coordinate with the relevant recycler for collection and subsequent responsible disposal/recycling of the e-waste.
7. JNARDDC, Nagpur, as the Nodal Agency, will assist in coordinating with the Material Recycling Association of India (MRAI) and its network of authorized recyclers for collection, transportation and other operational requirements. The district may accordingly coordinate with JNARDDC/MRAI and the identified recycler for scheduling collection from the designated collection points. You may contact for coordinate with JNARDDC, Nagpur (Ms R. Vishakha, Senior Administrative Officer, JNARDDC; Mob.: +91 9960959252; Email: vishakha@jnarddc.gov.in) and MRAI (Pramod Shinde, Mob.: +91 9930629739) for necessary guidance and coordination regarding the collection drive, identification of authorized recyclers and scheduling of collection activities.

.....2/-

: 2 :

8. You are requested to maintain and report the quantity and types/categories of e-waste collected during the campaign, along with the details of the recycler to whom the material has been handed over, in the format and within the timelines communicated by the State/UT Nodal Officer/JNARDDC. The following links are provided for reporting and reference:

(a) Google form for e-waste collection data on a daily basis, location-wise:
